What is Cryptocurrency

Cryptocurrency is a **digital form of money** that operates on blockchain technology. Unlike traditional currencies controlled by banks or governments, cryptocurrencies are **decentralized**, secure, and transparent.

They allow users to:

- Transfer value globally without intermediaries
- Maintain ownership and control of their assets
- Participate in a fast-growing digital economy

Popular examples include **Bitcoin (BTC)**, **Ethereum (ETH)**, **Binance Coin (BNB)**, and **Solana (SOL)**.

What is Staking ?

Staking in cryptocurrency means locking up your digital coins to support a blockchain network's operations and security, typically using a Proof of Stake (PoS) system, in exchange for earning rewards, similar to earning interest in a savings account. By staking, you help validate transactions and secure the network, becoming a participant in creating new blocks, with the network choosing validators based on their stake size, rewarding committed participants.

Our Staking Plan

Minimum:
Stake token of value **\$50**

Maximum:
Stake token of **\$10000**

Note: Staking will be locked for one year from date of staking
We will be release 1% till 100 month

Minimum Stake

\$50

Maximum Stake:

\$10000
